**Digital School** Dec 2021

**Wordpress Advanced**  
**Digital School** Sep 2021

## REFERENCES

**Ardit Limani, StarLabs**

## PROFILE

A creative thinker, adepted in software-web development and working with various structures. Knowledgeable in user interface, testing and debugging processes. I effectively self manage during independent projects, as well as collaborate in team setting

## WORK EXPERIENCE

### Intern Front-End Developer

StarLabs

Jul 2022 – Oct 2022, Prishtine

- In addition to my role in front-end development, I played a vital role in shaping the user interface (UI) and user experience (UX) of the Interview Management System (IMS). I collaborated closely with the design team to create a visually appealing and intuitive interface that streamlined the hiring process for both recruiters and candidates.
- I developed the showcase site for the main IMS web application using React.js and Tailwind CSS. Leveraging the power and flexibility of React.js, I created a dynamic and responsive user interface that enhanced the overall user experience.

### Intern React Developer

May 2022 – Jul 2022, Prishtine

KosovaOutSource

- During my tenure at KosovaOutSource, I played a pivotal role in developing various projects using React.js and SCSS. As a front-end developer, my primary focus was on creating intuitive and visually appealing user interfaces.
- I successfully completed several projects where I leveraged React.js to build dynamic and responsive web applications. With its component-based architecture, I effectively managed the state and UI components.

## SKILLS

HTML • CSS • JavaScript • React • PHP • Java • Spring • Android •  
Databases • SQL • Git • Responsive Design • APIs • Communication •  
Collaboration • Learning
